#### Bryan Addresses Great Crowds at Kansas City, Kan.

Kansas City, Kan.

Kansas City, Nov. 2.—William J. Bryan is spending the last day of the campaign in northeastern Kansas, delivering speeches on his way home on a special train to Lincoln, Neb., to vote.

Mr. Bryan arrived in Kansas City, Mo., at 7:30 this morning from Chicago. He was met by a score of prominent Democrats with thirty automobiles and escorted across the state line to Kansas City. Kan., where the first speech of the day was made shortly after 8 o'clock.

The trip over the line was made across the inter-city viaduct, skirting the Missouri river, and as the party reached the center of that structure, a chorus of whistles from the packing houses and a few small river boats greeted the candidate.

Great Crowd Present.

## Great Crowd Present.

A tremendous crowd had gathered at the speaking place in Huron Place and it was with difficulty that Mr. Bryan was piloted through to the platform. He reviewed the main issues of the campaign, and, noting a large number of workingmen present, declared:

"Tomorrow is labor day and the laboring man has a chance to strike."

In touching finances, Mr. Bryan asked:

#### TAFT AND THE TRUSTS.

## cerning Republican Candidate.

Leavenworth, Kan., Nov. 2.—In his speech at Kansas City, Kan., Mr. Bryan attacked the trusts and the attitude of the Republicans in regard to the support of Mr. Rockefeller. He attacked the Republican party's attitude in regard to the campaign contributions not being published, and again charged that party with receiving the support of the trust magnates.

"These trust magnates," shall draw from society a reward proportionate to the service which he renders to his fellowmen.

These trust magnates,

Bryan, "recognizing that they are in danger of being overwhelmed, have been coming out from under cover and giving out from under cover and giving that they are in the coming out from under cover and giving the the strength of their names and influence to the Republican party to bring influence to bear upon their employes. Mr. Rockefeller came out and we all know that he is on their side.

#### Perfectly Natural.

"And why? Did not this administra-tion give the Standard Oil company a mo-nopoly of a pipe line across the Isthmus of Panama, in spite of the protest of Mr. Shonts? Doesn't this administration de-posit enough money without interest in the Rockefellers' National City bank so that when the interest is collected one that when the interest is collected on that money it will amount to a sum which would more than finance a national campaign? That bank has made much money loaning what the government has deposited with it without interest to make a sum larger than that of the entire campaign fund." At Leavenworth, Mr. Bryan addressed monster meeting. He said:

#### Taft and Standard Oil.

"Pity the sorrows of a Republican can-idate. Mr. Rockefeller comes out for didate. Mr. Rockefeller comes out for him and he denies that Rockefeller is supporting him, but Rockefeller's brother-in-law has given out an interview saying that Mr. Rockefeller has been for Mr. Taft all the time. The previous dispatches say that early in July Mr. Archbold, the ready letter writer of the Standard Oil company, called on President Roosevelt at Oyster Bay and the New York World this morning published a facsimile letter marked 'Confidential' issued by the Standard Oil company in New York, urging its employes to march in the Republican so-called 'prosperity parade.'

#### Taft's Desperation.

"While Mr. Taft is trying to deny the support of Mr. Rockefeller on the one hand, he is trying to claim the support of Mr. Mitchell, Mr. Duncan, Mr. Morrison and other labor leaders And now Mr. Gompers makes a speech in New York last night in which he reads teleporting Mr. Taft: there is not a commercial Bedouin in the United States that is not supporting Mr. Taft."

Son and Only Mr. Gompers makes a speech in New York last night in which he reads telegrams from each of the men, denying that he is supporting Mr. Taft, and declaring that he is in sympathy with Mr. that he is supporting Mr. Tart, and de-claring that he is in sympathy with Mr. Gompers in the support of the Demo-cratic ticket. What a spectacle at the closing of the campaign. The Republi-can candidate attempting to escape the odium that his trust connections have brought upon him and at the same time orought upon him and at the same time advertising the support from labor leaders that he is not receiving. Surely the old ship is leaking fast; surely the Republican party is in desperation, and this the last day of the campaign."

Largest Crowd Ever Assembled in the City Hears Bryan.

Atchison, Kan. Nov. 2.—Before a crowd said to be the largest ever assembled in this city, William J. Bryan continued his denunciation of the Republican leader's action in denying the support of the trust magnates and in refusing to allow the public to inspect its books. Business was suspended and the large open space in front of the depot was completely filled with an enthusiastic, shouting audience. Every utterance of the candidate was applauded and his remarks relative to the connection of the Standard Oil company and the Republican leaders called forth approbation.

At the meeting of the board of education tonight the proposition will probably be brought up of putting to practical use the articles turned out by the pupils in the manual training department of the high school. In a communication it will likely be pointed out that the manual training department has now reached a point where its product can be made useful as well as ornamental. Among other things, it will be recommended that the work incident to supplying the elementary schools with benches for the work rooms. It is the estimate of the teachers' committee, which met yesterday afternoon, that on a basis of forty benches the city could save \$250. These forty benches, it is estimated would cost, if purchased At the meeting of the board of educa could save \$250. These forty benches, it is estimated, would cost, if purchased, \$600, and if manufactured by the high school artisans \$350. There are eight or nine other schools aside from the high schools that have the manual training

departments. The teachers' committee, aside from the fact that it sees the possibility of a saving along these lines, recognizes the fact

ing along these lines, recognizes the fact that the actual application, the use, the employment of the products of the handlwork of the pupils will mean much in the way of encouragement.

Tonight is the regular meeting night for the board of education. Whether or not the excitement incident to election times will be sufficient to cause the absence of a quorum remains to be seen. In any event, it is likely that if there is a meetwill be sufficient to cause the absence of a quorum remains to be seen.
